12 th	Advanced Biology	Becky Chmelik	<p>1) The Human Body Fearfully and Wonderfully Made! 2-Book set (text plus tests & solutions manual) ISBN 978-1-932012-11-8 (This is a two book set that includes both the student textbook and the Solutions and Test Manual. This is our advanced biology course. Combined with Exploring Creation With Biology, it gives the student the equivalent of a university biology course. In other words, these two courses together cover the entire "advanced placement" (AP) curriculum. In order to take this course, the student MUST have completed a first-year biology course AND a first-year chemistry course. It covers both the anatomy and the physiology of the human body's 11 organ systems in detail.)</p> <p>2) The Multimedia Companion CD-rom (not required but highly recommended as it has animations illustrating difficult concepts & also shows the experiments that are difficult for student to do alone) ISBN 978-1-932012-53-8</p> <p>3) For Lab Credit: the Anatomy Coloring Book by Wynn Kapit & Lawrence Elson.</p> <p>No need to purchase microscope or slides as tutor provides these. For experiments there will be a small fee and tutor will provide specimens.</p>	I will do labs for anyone interested.
